

Product Information Bulletin

BULLETIN NO.	202
ISSUED:	January 10, 2008
REPLACES:	December 11, 2007

Recognition of CCMC Evaluations

The purpose of this bulletin is to provide explain the basis of recognition for evaluations provided by the Canadian Construction Materials Centre (CCMC).

Provincial/Territorial Support

The **Provincial/Territorial Policy Advisory Committee on Codes (PTPACC)**, composed of senior officials from provincial and territorial departments responsible for building regulation, supports the use of CCMC evaluations as a basis for determining the acceptability of products within the context of building code requirements.

In Alberta and Ontario, CCMC is the only organization designated as a materials evaluation body for the purposes of supporting Minister's Rulings on innovative materials, systems and building designs under the Building Code Act.

Canada Mortgage and Housing Corporation

Canada Mortgage and Housing Corporation permits the use of products listed in this volume in construction financed or insured under the National Housing Act.

Public Works and Government Services Canada

Construction products described in Evaluation Listings within this volume that have been shown to comply with applicable standards or building codes are accepted by Public Works and Government Services Canada for use on PWGSC projects. New and innovative construction products described within this volume that have been shown to comply with CCMC developed requirements will be considered by PWGSC on a case by case basis.

Canadian Home Builders' Association

The Canadian Home Builders' Association supports the use of CCMC evaluations as a basis for determining the acceptability of products within the context of the R-2000 Program.

Canadian Roofing Contractor's Association

The Canadian Roofing Contractor's Association supports the use of CCMC evaluations for determining conformance of roofing products to the applicable standards referenced in the building codes.
