

At **Plasti-Fab Ltd.**, we have been providing customers with innovative expanded polystyrene (EPS) product solutions for commercial, residential, and geotechnical engineered applications throughout North America for over 45 years!

Contract Position (4-6) months

We are currently seeking a Compliance & Technical Specialist *experienced in IFRS 15* to assist with research, reporting and implementation. This contract position is project based and expected to be completed within 4-6 months.

Job Overview

The Compliance & Technical Specialist is responsible for the delivery of timely, accurate and reliable information as related to complex accounting and financial reporting issues. You will be the primary Finance team resource for researching and analyzing technical accounting issues and their application primarily related to external reporting based on IFRS compliance. You will research, report and assist with implementing the upcoming IFRS reporting and rules related primarily to IFRS 15, revenue recognition, and may also include: financial instruments and derivatives, fair value assessments, lease accounting, and business combination regulations.

Required Qualifications:

- University degree majoring in Business or Commerce (B Comm or BBA) with advanced accounting credentials (CPA, CA, CGA, CMA) required
- Experience with researching, reporting and implementation of IFRS 15
- Proficient with the Microsoft Office suite with advanced Excel skills
- Strong communication skills, both verbal and written
- Public company experience required
- Able to prioritize and meet tight deadlines.

Please submit your cover letter and resume in confidence to:

humanresources@plastifab.com

We thank all applicants in advance, however, only those selected for an interview will be contacted.
