

# Product Information Bulletin

## EPS Geofoam Product Information Bulletin Index

PIB	EPS Geofoam Product Information Bulletin Subject	Last Issue
1001	Plasti-Fab EPS Geofoam Applications	July 4, 2013
1002	GeoSpec Lightweight Fill Material Construction Principles	August 18, 2016
1003	GeoSpec Lightweight Fill Material for Road Embankment Construction	August 5, 2013
1004	Geofoam Lightweight Fill Material Specification	September 25, 2015
1005	GeoSpec Lightweight Fill Material for Landscape Applications	July 25, 2013
1006	CAN/ULC-S701 PlastiSpan Insulation for High Compressive Load	May 19, 2017
1007	Influence of PlastiSpan Sub-Slab Insulation on Floor Slab Design	August 10, 2017
1008	GeoSpan and GeoVoid Compressible Fill Materials	July 25, 2013
1009	PlastiSpan HD Utility Line Insulation	July 26, 2013
1010	GeoSpec Lightweight Fill Material for Slope Stabilization	November 24, 2014
1011	Load Reduction on Buried Utilities Using GeoSpec Fill Material	November 24, 2014
1012	PlastiSpan HD Insulation for Sidewalk Construction	August 5, 2013
1013	Retaining Wall or Abutment Design Using GeoSpec Lightweight Fill Material	February 28, 2014
1014	GeoSpec Lightweight Fill Material - Product Certification Listings	August 17, 2017
1015	GeoSpec Lightweight Fill Material Product Data per ASTM D6817	August 18, 2016
